| 113 | 4 | <p>Sky Watch Telescope Experience. Star Gazing: A great family event! Rags Gilmore is an amateur astronomer who lives in Greenfield. A SKY WATCH is a short lesson on telescopes and then a look at the objects in the sky. What are we seeing and what these "objects" are – Various types of nebulae, star clusters, double stars and planets. Four people, two or three telescopes, up to three hours. Arrangements are made in advance but due to New Hampshire's fickle skies the evening may be cancelled and new arrangements made. As Rags has done his SKY WATCH numerous times in the past for other organizations (Peterborough Players. Mariposa Museum) things always work out even if the Sky Watch is postponed an hour before "show time." (Just a little disclaimer here). Think CLEAR SKIES!!</p> | \$75/\$40 | Rags Gilmore |
